

WAVERLEY

THE WORLD'S LAST SEAGOING PADDLE STEAMER

CHART A COURSE FOR WAVERLEY'S FUTURE

LEAVE A GIFT IN YOUR WILL

LET WAVERLEY BE YOUR LEGACY

LEAVE A GIFT TO HELP PRESERVE THE SOLE SURVIVOR

Each season, the income from passenger fares, catering, and shop sales helps meet the cost of sailing, maintaining, and preserving the magnificent Waverley. However, this income alone is not sufficient to meet the cost of essential renewal projects and her costly annual dry docking.

You can ensure that Waverley has a secure future for generations to come by leaving a legacy to Waverley's owning charity, Waverley Steam Navigation Company Ltd. (WSN). By leaving a gift to Waverley in your Will you become a champion for her cause and chart a more secure future for this beloved paddle steamer. When writing your Will, you can if you wish, leave a legacy for a specific purpose or for general use by the charity to keep Waverley sailing.

How have Legacy funds helped Waverley?

Legacies have helped Waverley through much of her preservation era. A legacy paid for a new rudder stock which was installed prior to the 2018 season. More recently legacy funding helped with major steel works during the 2020 re-boiling. Other legacies have been used to fund key renewal projects including deck repairs, purchasing new paddles, and even painting Waverley's funnels.

YOUR LEGACY, WAVERLEY'S LIFELINE

SUPPORT WAVERLEY'S JOURNEY INTO THE FUTURE

"When it came to writing my Will I considered what has made an impact during my lifetime and what was worthy of my support. Having seen the heroic struggle to keep Waverley sailing and understanding that she will always need further investment to keep her paddles turning I included Waverley in my Will. I hope others will enjoy the unique Waverley experience for many years to come."

What will my legacy go towards?

Your legacy will help maintain, repair, and renew vital components in Waverley including the fabric of the ship herself. Your gift will help us to ensure the World's last seagoing paddle steamer brings enjoyment to the next generation. A £10,000 legacy could provide paddle spares for a season. A £50,000 legacy could be allocated towards replacing several hundred metres of decking, maintaining the original charter and feel of Waverley.

SUPPORT WAVERLEY'S FUTURE

HOW TO LEAVE A LEGACY?

How do I make a Will?

It is helpful to consult a solicitor when first preparing a Will. There are two types of legacy:

Pecuniary – a specific sum

Residuary – the whole or part of an estate after specific gifts have been made.

You may prefer to leave a specific gift, an item of value which could be sold for the benefit of Waverley's charity or future benefit to Waverley such as property or shares. When leaving a legacy to Waverley please use the full Company name, address and charity numbers in your Will: - Waverley Steam Navigation Co. Ltd., 36 Lancefield Quay, Glasgow, G3 8HA, a charity registered in Scotland, SC005832. A suitable form is available from our website waverleyexcursions.co.uk or contact our office for guidance.

Can I update my existing Will to leave a gift to Waverley?

Yes, you will need to produce a document called a codicil, a suitable form is available from our website waverleyexcursions.co.uk
